Luxurious Weddings in the UK and Mediterranean Europe

At La Fête, we blend creative flair with meticulous organisation to make your wedding an unforgettable occasion.

Whether it's in the UK or Mediterranean Europe, it's our role to make the planning and design process as joyful as the wedding itself.

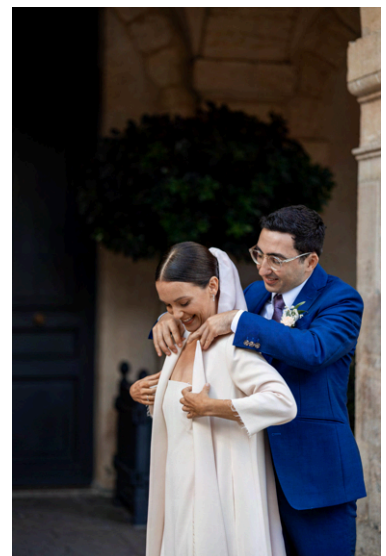

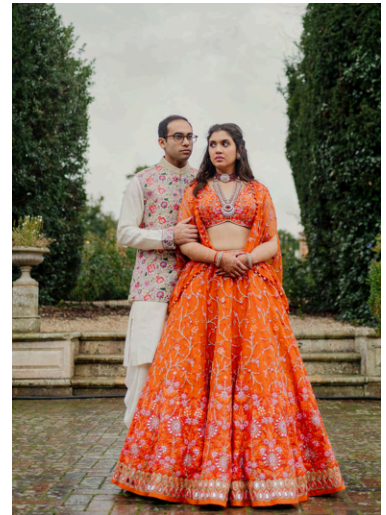

It could be a multi-day buy-out of a Royal Palace, or an intimate wedding amid the rolling vineyards of Tuscany. This will be both a magnificent celebration and a deeply personal reflection of you as a couple.

The Couples we work with

We work with professional, ultra high-net-worth couples who expect nothing less than perfection — a blend of timeless elegance and personalisation, creativity and a meticulous eye for every detail.

We specialise in high-end, luxurious weddings in truly magnificent locations. Let your imagination run wild because there are no limits.

Designing and Planning your Perfect Wedding

If your vision for the perfect wedding is not yet clear, please don't worry. We're here to help you create and define the concept, then bring it to life.

Defining the vision

- The process starts with an *in-depth consultation*, beginning with you as a couple — how you met, your likes and dislikes, passions, lifestyle and dreams for the wedding day.
- We'll discuss the budget and the guest list, and we'll help you define the ideal venue. The *conversation covers everything* from design themes, colours and emotional tone to options for A-list artists and musical entertainment which aligns with your dream.
- *Nothing is too much trouble*. For example, we can coordinate private jets, a fleet of car services, artists' contracts and greenrooms, security staff for V-VIPs, protocol officers and private protection officers.

Venue sourcing

- We curate a shortlist of venues. Your wedding venue forms the foundation of the design concept, so we choose carefully. *Only the most outstanding venues and locations make it to the shortlist*.
- We study garden layouts and interior floor plans, private aircraft or helicopter landing locations, privacy and security measures. *Every detail is considered* — the location of each electrical point to your own view of the majestic surrounding landscapes.
- Visits are arranged for you, either in person or virtually, depending on your preference. If you are undecided about which venue best aligns with your vision, that's no problem. *We're here to provide guidance*.

Design presentation

- *This is where the vision comes to life*. Our designer presents you with a detailed plan of the colours and designs, locations, banqueting areas and zoning layouts for each element of your wedding.
- Together, we'll take time to refine it *until every element is perfect for both of you*.

Designing and Planning your Perfect Wedding

Supplier sourcing

- La Fête has a *national and international base of rigorously vetted*, top-quality local suppliers and vendors. We know them well and trust them implicitly.
- A supplier will be recommended *only if they are suitable for you*, and it makes sense for you to work with them.

Expenditure management

- *We keep the budget firmly on track throughout*. We will be in regular contact to discuss supplier quotes, and all spending decisions will be yours.
- *You're in full control of expenditure*. You have continuous access to the budget sheet while our planners negotiate the best prices on the highest quality foods, chefs, items and services, musicians and artists.

Timeline creation

- To ensure a stress-free experience, *we create a detailed timeline* for you both, as well as for vendors and guests.
- *Nothing is left to chance*. We identify potential risks, build buffers into the timeline and make detailed contingency plans for any eventuality.

Wedding day management

- *Just enjoy yourselves*. On the wedding day, our founder and creative director Charlotte Ricard-Quesada will be the supervisory point of contact, removing all stress and worry from your shoulders.
- Acting with discretion, adaptability and efficiency she will coordinate suppliers, guests and yourselves to make sure *your wedding is a truly exceptional, unforgettably romantic experience*.

Above and beyond...

- The La Fête team goes *above and beyond to make sure your wedding is an occasion to remember*.
- We can organise cocktails and brunches, schedule spa appointments, coordinate gown and tuxedo fittings, arrange travel and accommodation, limousines, security staff and private jet transport.

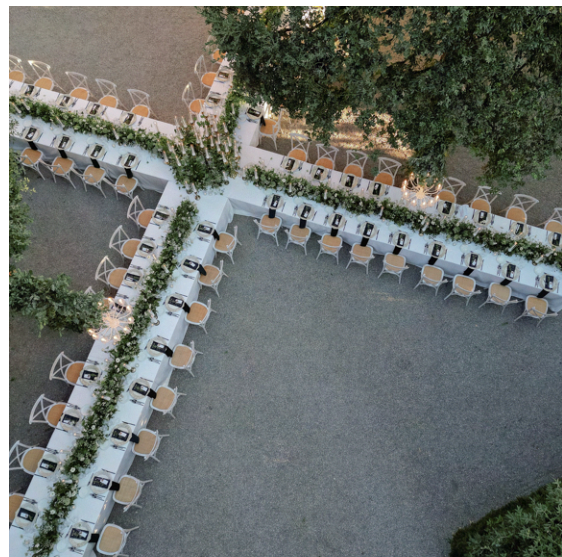

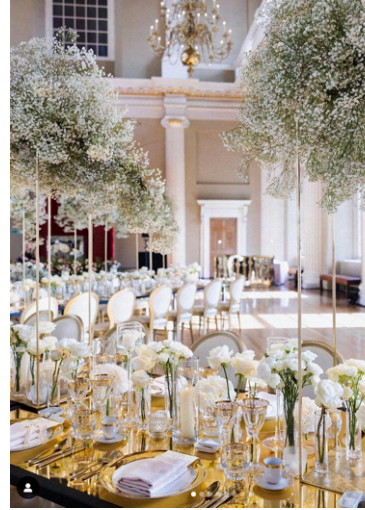

At La Fête, we're known for our exquisite design concepts and attention to every luxurious detail — although you'll want to see for yourself.

Here's a curated selection of our work.

Your Wedding Designer

I'm Charlotte Ricard-Quesada, the founder and creative director of La Fête.

After a decade in the world of luxury fashion, working with Dior and Tom Ford amongst others, I made the decision to follow my lifelong passion. La Fête was born in 2016 because innovative ideas, logical common sense and a meticulous eye for detail provides a perfect foundation for wedding planning and design.

Since then, my team and I have created unforgettable experiences for discerning professional couples in the UK and worldwide.

From a Tuscan fairytale to a VIP wedding at Hampton Court Palace, each celebration is as unique as the couple themselves. Myself and the team are acknowledged specialists in multi-faith, inter-faith and LGBTQ+ weddings.

I am both honoured and humbled to be the recipient of several industry accolades, including Best Wedding Planner at the BrideLux UK Awards 2022.

This is a testament to the hard work of my team, and the care we bring to every wedding, no matter its location or scale.

Your dream wedding starts with a conversation, so get in touch with me and the team.

Bespoke Pricing Packages

La Fête's pricing packages are tailored, based on the unique requirements of you as a couple, the wedding destination and the intricate design details which make your wedding unique. Our prices are calculated according to the following criteria:

Planning and design fee

Planning and design incurs a flat fee which will be calculated after our initial consultation. This fee is determined by the complexity of the design and the amount of time involved in creating your exclusive wedding concept. The design and planning fee will be paid in full at the point at which the contract is signed.

Production fee

The production fee covers the logistics of planning your wedding, including vendor and supplier costs. You will have full access to vendor costs, and there will be a fully transparent percentage commission on the total contracted amount. The production fee must be paid in full no later than 14 days before your wedding date.

Wedding management fee

The fee covers management and coordination in the days before your wedding, and handling the logistics of the wedding day itself. It is calculated according to the complexity of management involved — the number of guests and venues, for example, and whether your wedding is taking place during a national holiday. The wedding management fee will be due 30 days before your wedding date.

Thank You!
